

## EXPRESSION OF INTEREST World Vision International Lao PDR

### Hiring Environmental Sustainability and Climate Action (ESCA) Specialist

World Vision is a Christian relief and development organization working to create lasting change in the lives of children, families and communities living in poverty. World Vision serves all people regardless of religion, race, ethnicity or gender. As a child-focused organization, WV's work focuses on children, ensuring they are protected, and their basic needs are met.

The Environmental Sustainability and Climate Action (ESCA) Specialist will lead initiatives to integrate environmentally sustainable practices and climate-adaptive actions into design and implementation of livelihood programs including mainstreaming ESCA into inclusive Market System Development (iMSD) and considering an integrated approach with GEDSI approaches. A key focus would be working cross-functionally on a green (sustainable environment, climate resilient) and gender inclusive business model. Therefore, this role involves developing strategies, conducting research, and implementing pilots to minimize environmentally negative impacts, enhance community resilience to climate change, and promote green opportunities, such as green products, technologies, services, and jobs in Soukhouma District, Champasak Province.

Interested candidates can download the Terms of Reference, which includes more details, from the following link: [Hiring ESCA Specialist](#)

#### How to apply:

Interested candidates are invited to submit a **COVER LETTER** and **CV** to the email below. The deadline for application is 24 July 2025, however applicants are encouraged to apply early as applications will be reviewed on an ongoing basis and the position will close early if a suitable candidate is found.
